AMAN MEMON

Aspiring Data Analyst
amanmemon01@outlook.com | linkedin.com/in/aman-memon0 | github.com/amanmemon0 |+91 93163 92424

EDUCATION

B.Tech — Information Technology *Present*
U. V. Patel College of Engineering, Ganpat University · Mehsana, Gujarat

Diploma in Engineering — Information Technology **Graduated 2024**
Ganpat University · Mehsana, Gujarat
CGPA: 8.54 / 10

EXPERIENCE

Data Analytics Intern *Jul – Aug 2025*
LaunchED Global · Remote

- Cleaned and preprocessed large multi-variable datasets using Python (NumPy, Pandas); performed EDA to surface actionable trends.
- Built Matplotlib / Seaborn visualisations compiled into internal reports for leadership; delivered pipelines in a fully remote environment.

GUNI-WSRIP Research Intern *Winter 2025–26*
Faculty of Diploma Engineering, Ganpat University

- Developed an IoT-Based Waste Disposal Management System (ESP8266 + Firebase); **secured 3rd Rank** at GUNI WSRIP Start-up Competition (April 2026).
- Presented IoT project at GUNI SciTech Festival 2026 (National Science Day); won 3rd rank in Working Model category.

Data Analytics Professional Course *Jul 2025*
TCP India

- Mastered NumPy, Pandas, Matplotlib, SQL (joins, subqueries), and Power BI dashboarding through end-to-end project-based curriculum.

Python with Django Intern *Jun 2023*
BrainyBeam Technologies Pvt Ltd · Ahmedabad

- Completed intensive program covering Python fundamentals, MVC architecture, ORM, URL routing, and REST endpoint design with Django.

PROJECTS

InsightRx — AI Data Intelligence Platform *2026*

Full-Stack Analytics Project · MVP

- Built an AI-powered platform to identify data-quality issues, clean datasets, generate insights, visualize trends and create analytical reports from CSV/Excel files.
- Stack: React · FastAPI · Python · Pandas · NumPy · Plotly · LLM.

NextGen Bin — Smart Waste Management Ecosystem *2025 – Present*
SSIP Government Grant Project · Ongoing

- City-scale IoT + AI/ML platform: fill-level prediction, automated scheduling, QR citizen reward system, employee portal. **Awarded ₹82,500 SSIP grant.**
- Stack: Raspberry Pi · ESP8266 · React · Firebase · AI/ML prediction models.

WaitWay — Restaurant Pre-Order & Queue App *2026*
Personal Full-Stack Project

- React / Tailwind frontend · Node.js / Express API · MongoDB · Full backend + customer pages complete; restaurant dashboard in progress.

TECHNICAL SKILLS

Data Analysis	Python · Pandas · NumPy · EDA · Data Cleaning · Feature Engineering
Visualisation	Power BI · Matplotlib · Seaborn · Plotly · Excel
Databases	SQL · MySQL · MongoDB · Firebase Realtime DB
Web Dev	CSS · HTML · CSS
IoT & Tools	ESP8266 · Git · GitHub · Jupyter · VS Code

CERTIFICATIONS & AWARDS

- 3rd Rank – GUNI WSRIP Start-up Competition *Apr 2026*
- 3rd Rank – GUNI SciTech Festival 2026 (Working Model) *Mar 2026*
- ₹82,500 SSIP Innovation Grant – NextGen Bin *2025–26*
- Data Analytics Professional Certificate – TCP India *Jul 2025*
- Data Analytics Internship Certificate – LaunchED Global (ID: LEDCC4814) *Aug 2025*
- Python with Django Internship – BrainyBeam Technologies *Jun 2023*
- Best Event Management Award, YANTRA 2023 · Ganpat University *2023*
